(3) Confirmation Study Ranking System, NEESA 20.2-042, 29 Nov 82

1. The Naval Energy and Environmental Support Activity (NAVENENVSA) initiated an Initial Assessment Study of the Naval Security Group Activity, Sabana Seca, and the Naval Communications Station Roosevelt Roads, Puerto Rico. Request the report, enclosure (1), be reviewed for accuracy and completeness in the report findings and recommendations. Note editorial comments in the preliminary report. Provide technical comments separately using reference to specific report paragraphs. To ensure consideration for inclusion in the final report, comments must be received by NAVENENVSA 112N by 29 June 1984.

2. Each site recommended for confirmation was ranked based on its potential impact on human health or the environment. The rankings will be used in determining priorities for confirmation studies. The cost estimates, ranking scores, and data used to develop the ranking scores are shown in enclosure (2). The cost estimates will be used for planning purposes only. Detailed estimates needed for contract negotiation will be prepared by the Naval Facilities Engineering Command Engineering Field Division when initiating the confirmation study. The Confirmation Study Ranking System used in ranking the sites is described in enclosure (3).

3. NAVENENVSA point of contact for this study Wallace Eakes, AUTOVON 360-3351, or commercial (805) 982-3351.
